TRADE FORCE®

Any job, anywhere.

Measurement Instruments

Can test multiple electrical values, ranging from AC/DC voltage and current, resistance, frequency, capacitance to temperature, etc.

For technicians and electricians, TRADEFORCE's offerings could be a one-stop solution while dealing with high-energy power circuits, electrical distribution systems in daily work or operation, as it owns:

- ☑ **Portable Design**
- ☑ **High-legibility Display**
- ☑ **Simple Operation**
- ☑ **Strict Safety and Quality Standards**
- ☑ **Sharp Detector**
- ☑ **Enduring Performance**

0004940002
Two-pole Voltage and Continuity Electrical Tester

0004940003
Pen Type Non-contact AC Voltage Detector

0000690001
True RMS Digital Multimeter for Heavy Duty Industry

0000690002
True RMS Clamp Fork Meter

TRADE FORCE®

Any job, anywhere.

Two-pole Voltage and Continuity Electrical Tester

AC/DC Voltage | Coutinuity | IP54

Quick and Easy Test on Multiple Electrical Indicators

- ► AC/DC voltage test with clear LED indication
- ► Polarity detection
- ► Rotary field indication
- ► Low impedance test
- ► Single pole phase test

Designed for Safety

- ► Insulated cap for probes protection and storage
- ► RCD button to switch off all the power once there is electrical danger or accident

Trustworthy Quality

- ► Safe to use in rainy or moist places and environment with IP54 level waterproof and dustproof
- ► CE qualification

0004940002

EN 61010-1
CAT II 1000V

EN 61010-1
CAT III 600V

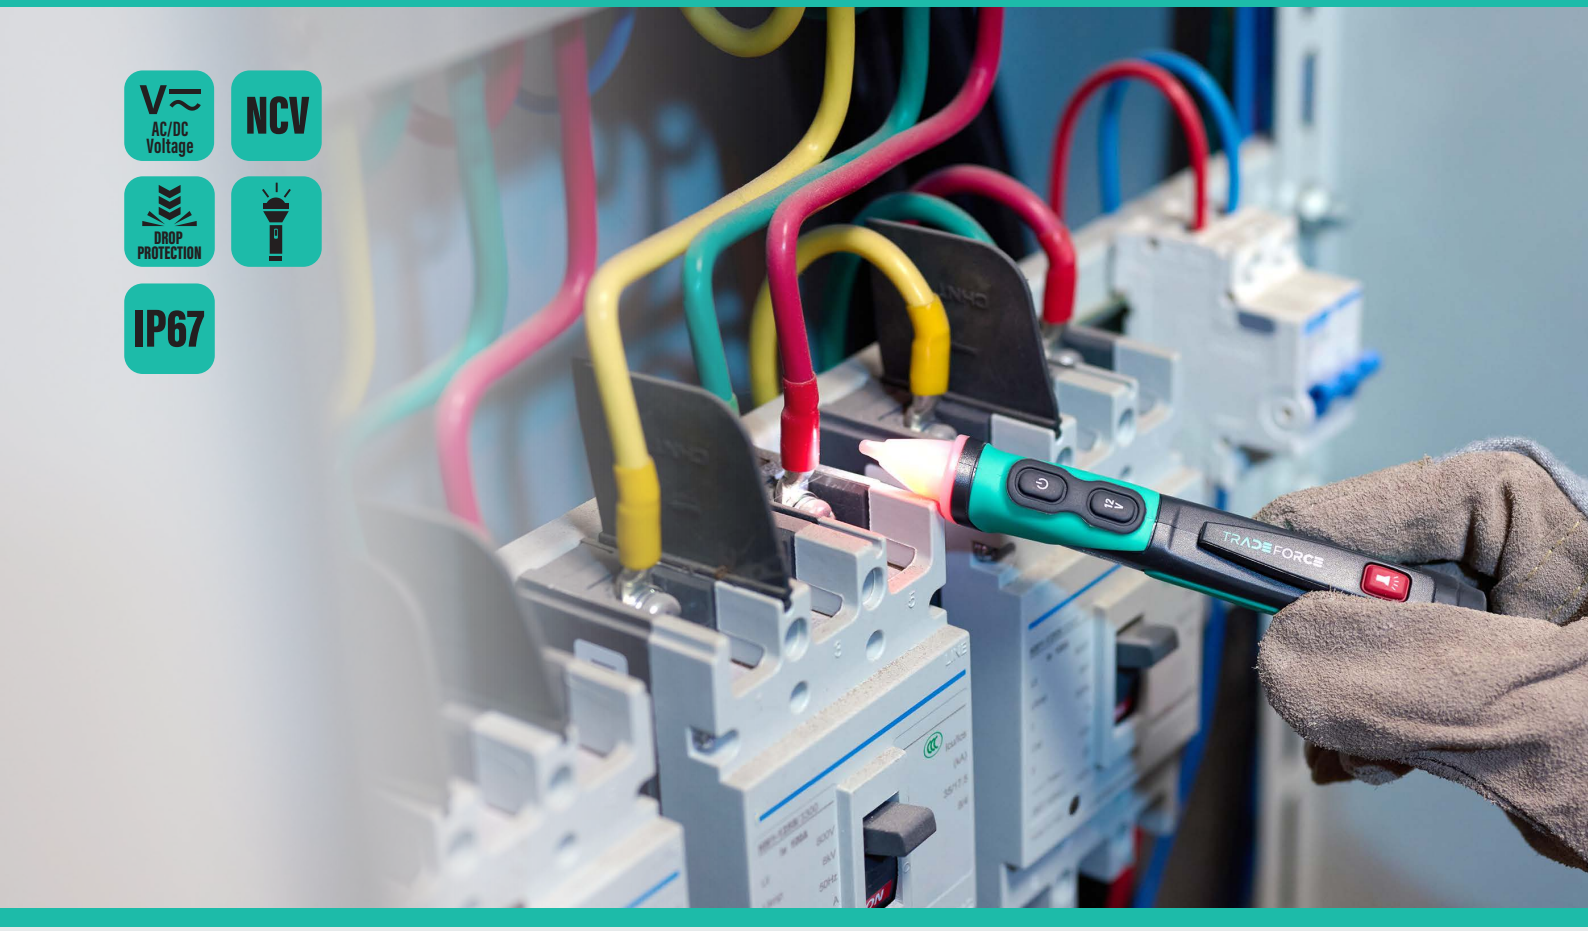
Certificates

CE ROHS Reach

TRADE FORCE®

Any job, anywhere.

Pen Type Non-contact AC Voltage Detector



0004940003

EN 61010-1
CAT IV 1000V

Certificates

CE ROHS Reach

High-sensitivity NCV Detector

► Supports dual voltage detection
► Beeping with flashing red LED denotes voltage detected low battery
► Beeping volume increases with stronger LED flashing as the detector gets closer to the voltage source, helping the user locate the live wires within short time

Clear LED Indication & Multi-functional Buttons

► Green LED denotes Power On
► Flash and beep rate increase as the detector gets closer to the voltage source
► Power ON/OFF switch in silent mode
► Auto Power Off
► High power and forward-facing flashlight for test in dark conditions

Exquisite Design for Easy Use

► Smart as a pen and easy to carry
► Slim probe tip for work in wall outlets
► Pocket clip for easy storage

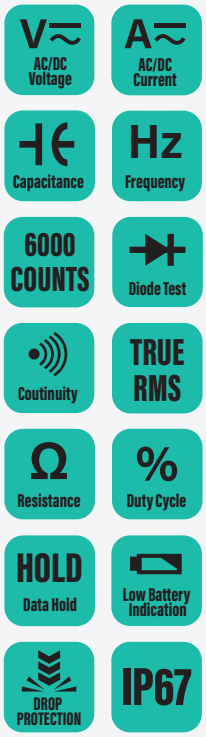
Great Wear Resistance

► Withstand 2m drop
► IP67 level waterproof and dustproof
► CE qualification

TRADE FORCE®

Any job, anywhere.

True RMS Digital Multimeter for Heavy Duty Industry



Universal Measurement Scope

▸ This multimeter can test AC/DC voltage, AC/DC current, resistance, temperature, capacitance, frequency and continuity.

Smart and User-friendly Design

▸ 6,000 counts display with LCD backlight provides accurate, bright and clear reading surface

▸ Auto power-off and low battery indication

▸ Data hold and max/min measurement function

▸ Diode and continuity buzzer

▸ Auto ranging helps in quick match to the range value of current working circuits automatically

Professional Testing with High Precision and Accuracy

▸ True RMS for precise and effective measurement

▸ Low pass filter for accurate measurement of Variable Frequency Drive (VFD) signals

Safety Guard

▸ Input protection prevents the meter from breakdown and abrasion caused by overvoltage

Reliable Quality

▸ Superior waterproof and dustproof performance with IP67

▸ 2m drop protection

▸ CE qualification

0000690001

EN 61010-1
CAT III 1000V

EN 61010-1
CAT IV 600V

Certificates

CE ROHS Reach

TRADE FORCE®

True RMS Clamp Fork Meter

0000690002

EN 61010-1
CAT III 1000V

EN 61010-1
CAT IV 600V

Certificates

CE ROHS Reach

Instant and Sharp Measurement of Voltage and Current

- ▸ Auto sense AC / DC voltage
- ▸ Maximum 200A AC current measuring

Easy on Hand Operation

- ▸ 16mm open jaw supports test even in small and confined space or locations
- ▸ Backlit function buttons and knob switch
- ▸ Low-battery indication
- ▸ Built-in LED flashlight can open in in dim and dark work environment
- ▸ Data hold function
- ▸ Max/min measurement

NCV Test for Quick Live Wire Check

- ▸ Integrated non-contact voltage detector supports quick check on the presence of live wires before the test

Accurate Measurement with High-resolution Display

- ▸ 6,000 counts LCD negative display provides excellent precision and good readability
- ▸ True RMS and Low Z function ensure accuracy

Compact But Rough Enough

- ▸ Palm-size and light-weight to carry
- ▸ 2m drop protection
- ▸ CE qualification
