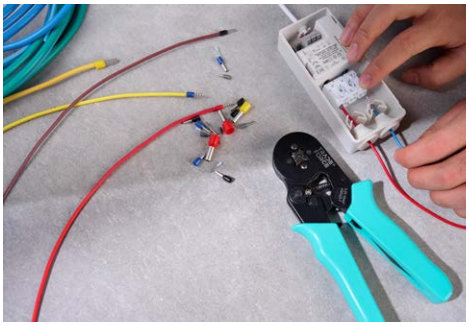
0001680001

Mini-type Self-adjustable Crimping Set

Length: 175 mm
Weight: 385 g
Crimping capacity: 0.25 - 10 mm² / AWG: 23 - 7
Handle material: ABS

- ► Electrophoretic coating
- ► A star wheel allows crimping pressure adjustment
- ► Suitable for ferrules and this set offers 1250 pcs of ferrule terminals in copper and nylon material

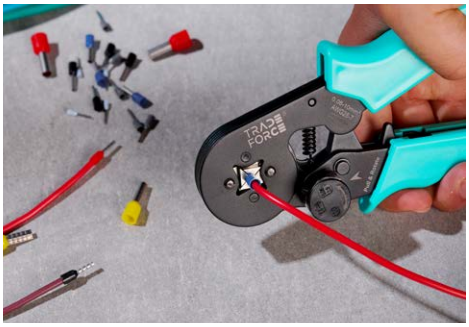


0001680002

Mini-type Self-adjustable Crimping Plier

Length: 175 mm
Weight: 390 g
Crimping capacity: 0.08 - 10 mm² / AWG: 28 - 7
Handle material: ABS

- ► Superior resistance with teflon coating
- ► Pull out and rotate the button, then you can make a quick crimping force adjustment
- ► Suitable for ferrules



0001680005

Ratchet Crimping Plier

Length: 205 mm
Weight : 480 g
Crimping capacity: 0.5 - 6 mm² / AWG: 22 - 10
Handle material: PP+TPR

- ► Superior resistance with teflon coating
- ► Self-release lever
- ► Suitable for pre-insulated terminals

0001680007

3 in 1 Ratchet Crimping Plier

Length: 182 mm
Weight: 190 g
Crimping capacity: 0.25 - 6 mm² / AWG: 23 - 10
Handle material: PP+TPR

- ► Electrophoretic coating
- ► Suitable for ferrules, pre-insulated terminals, and non-insulated terminals.
